CT45 / CT45 XP Mobile Computer

CT45 mobile computers, built on the Mobility Edge platform, are rugged, all-purpose productivity tools ensuring ultra-reliable performance, data connectivity and communications for front-line mobile workers in retail, logistics and fieldwork.

Overview

CT45 mobile computers, built on the Mobility Edge platform, are rugged, all-purpose productivity tools ensuring ultra-reliable performance, data connectivity and communications for front-line mobile workers in retail, logistics and fieldwork.

Secure Solution:
The CT45 is built on the Mobility Edge platform, providing a long-lifecycle solution for demanding enterprise customers who need a durable, stable and secure solution that they rely on for long-term business planning needs. The CT45 family offers seamless connectivity, with the CT45XP featuring Wi-Fi 6 technology, allowing access to essential information with low latency.

Designed for Performance:
The pocketable, yet rugged, dust and water-resistant design sustains 3,000 tumbles and multiple 6-foot drops to concrete, extending to 8-foot drops when equipped with the protective boot. Equipped with the FlexRange Scan Engine, the CT45 family can be used in a variety of near and far scanning workflows, ensuring accurate and fast data collection. Combined with the powerful, cloud-based, Operational Intelligence asset optimization solution, IT leaders can empower operations with competitive advantage, high productivity and low TCO, all with a user experience that keeps front-line workers productive and engaged.

Comprehensive Accessories:
To support diverse operational needs, the CT45 offers a variety of accessories, including a universal dock and cup, scan handles, charging bases, and battery chargers, enhancing its functionality and versatility. The Universal Dock system provides a future-compatible design that allows customers to future-proof their accessory investment.
